V. GRIEVANCE MECHANISM

1. Internal Reporting Channel
NAVER operates an internal reporting channel where anyone can consult and report human rights grievances related to work, including workplace bullying and sexual harassment. Anonymous consultation and reporting are also possible.

**With U**
"With U" is a channel specialized in dealing with bullying and sexual harassment cases in the workplace. Employees who suffer or witness workplace bullying or sexual harassment can report anonymously through "With U" online channel. An in-house investigation unit then verify facts of the cases received through the channel and formally investigate them. Disciplinary deliberation based on the results of the investigation is conducted by the deliberation committee chaired by the CEO and staffed by employees.

**Human Rights Division Hotline**
The Human Rights division, an independent organization under the Board of Directors (BOD), in charge of protecting human rights within the company and handling grievances such as workplace bullying and sexual harassment, operates a hotline to enable direct reports of human rights violations or grievances. The received information undergoes fact verification process and if deemed necessary, the case is handled through the internal investigation and deliberation process described below.

V. GRIEVANCE MECHANISM

NVO (NAVER Valuable Opinion)
NAVER employees can also file grievances through the consultation bulletin board operated by the labor-management council titled “NVO (NAVER Valuable Opinion).” The bulletin board is a communication channel established in accordance with the Act on the Promotion of Employees’ Participation and Cooperation. Run by three of NVO members, the bulletin board privately receives and collects complaints that cannot be disclosed publicly through the regular bulletin board. The NVO members forward the collected complaints to the management and the relevant departments, and discuss potential improvements in the company’s system.

NAVER informs that those who have been disciplined for sexual harassment or bullying in the workplace may be restricted from being appointed to management positions. Also, in a bid to prevent recurrence, the company shares the cases of internal disciplinary actions company-wide.
